

THE ART FARM GALLERY

SWITZERLAND

welcomes drawing and painting submissions by young artists

The art farm is an unusual, private nonprofit gallery that operates in the Lake Geneva area and alpine state of Valais, Switzerland. To minimize operational costs and maximize exposure opportunities, it has no fixed walls, going where and when specific events draw large numbers of people and/or press exposure is most likely, instead. In conjunction, it rents well located exhibiting surfaces to show its contests winners works, or if a site is truly exceptional, for its artists, on a punctual basis only, - and otherwise works with local, state, or national cultural authorities to create, organize, and/or participate in cultural events. The Art Farm follows a figurative line, but is open to different styles and subjects provided quality and talent are present.
